

LED Troffers / Bay Lighting

An affordable digital lighting platform designed to deliver general ambient lighting for recessed-ceiling applications in schools, offices and hospitals. Built on the tried-and-true GT troffer platform, the LED technology ensures reliable color consistency and extended service life of at least 50,000 hours. LED drivers deliver dimming from 0-10V control signal.

**Savings based on 12 hours a day 365 days a year usage.
